

Nurse Next Door®
home care services

WHAT IS CLIENT DIRECTED HOME CARE?

Client Directed Home Care is a government funded program that allows you to take control of your home care services. The program grants those who qualify a set amount of funding they can use towards receiving quality in-home care. The great news is that Nurse Next Door is an approved vendor for the Client Directed Home Care program! We are able to bill directly making it a seamless process for our clients.

WHO QUALIFIES?

To receive home care services with funding from the Client Directed Home Care Program you must be an Alberta resident with a valid health care card. Your needs must be able to be safely met in your home, and you must meet the requirements determined by an Alberta Health Services Case Manager, call 811. Do you already receive home care services from Alberta Health Services? If yes, you might be eligible.

Frequently Asked Questions

Q: How much funding can I expect to receive?

A: This depends on your need, this eligibility is decided by an AHS Case Manager, they will arrange an assessment, then based on your needs, your AHS Case Manager can help with this. This is a subsidy program to cover the cost of homecare, rates will be determined based on individual need.

Q: What services can I expect to be eligible for?

A: Your AHS Case Manager will determine how many hours a month you can have for homecare. These services include Homemaking, Personal Care and Respite Care.

Q: How much does Nurse Next Door charge for services

A: Our prices vary depending on the services required.

Q: I already receive AHS Homecare services, do I qualify for Client Directed Homecare as well?

A: If you already receive homecare services and want to have more control over your care, ask your Case Manager about switching over to the Client Directed Homecare program.
